

ANNEX III**Concerning the annual ceilings**

1. Imports into Turkey of the products originating in Macedonia listed in this Annex shall be subject to annual ceilings fixed for the year of entry into force of this Agreement being indicated against each product.
2. Once a ceiling set for imports of a product is reached, the customs duties generally applied in respect of third countries may be reintroduced in respect of imports of the product in question until the end of the calendar year.
3. As from the second calendar year following the the entry into force of the Agreement, the amounts of the ceilings given in this Annex shall be increased by 5 % except that Turkey may extend for a period of one year the ceiling or ceilings set for the preceding year.
4. Turkey may suspend or reintroduce the ceilings on imports of products listed in this Annex in parallel with the ceilings set out in the Cooperation Agreement between the European Community and the Republic of Macedonia signed on 29 April 1997. The ceilings in question shall be abolished following the elimination of tariff ceilings applied by the European Community to Macedonia.
5. For certain products which it considers to be sensitive or whenever tariff ceilings established for industrial products not listed in this List, Turkey reserves the right to call upon the Joint Committee to determine special conditions for access to its market as may prove necessary.

The Joint Committee shall determine the conditions in question within three months from the date of notification. Failing a decision by the Joint Committee, Turkey may establish tariff ceilings for the products concerned.

6. The Joint Committee shall examine periodically the implementation of annual ceilings.
